

Environmental Impact Assessment of Huaneng Yunnan 60 MW Photovoltaic Project to be Approved! On February 4, the Bureau of Ecology and Environment of Dali Prefecture, Yunnan Province, announced ...

The 150MW PV Project in Kaiping City, Guangdong Province is developed in two phases. 445W (100MW) and 545W (50MW) monocrystalline double-glass half-cut modules in GIGA-P series ...

On May 8th, 2025.6.8, the photovoltaic carport, photovoltaic corrugated roof, and ground photovoltaic bracket project located in the Gaoyang Expressway Service Area in Hebei Province were ...

March 2024 -- CORIGY, a global leader in solar mounting solutions, announced the signing of a major contract in March 2024 to supply 150 megawatts (MW) of photovoltaic (PV) mounting systems, ...

The project is the first batch of photovoltaic bidding projects approved by the National Energy Administration in July 2019. The construction was started in September of that year, and the full ...

Recently, Trina Solar signed an agreement with Teralight, a well-known listed photovoltaic power station developer in Israel, to provide it with 150MW supreme modules and pioneer tracking brackets. This is ...

PVTIME - Trinasolar, in collaboration with industry partners, hosted a site visit to a landmark agrivoltaics and aquavoltaic project. This 150MW installation combines aquaculture with ...

The set up was based on the capsule nova Solar Power Station which is located in Spain and also produces 150 MW of power. It is suggested that three power stations produce and 50 MW of power ...

HDsolar was established in 2009 as a leading supplier of PV mounting and tracking system for utility, commercial, industrial, and residential projects worldwide.

Recently, Osda Solar officially launched a 150MW photovoltaic power plant project in Dazhangzhuang Town. This project marks a significant step for the company in promoting renewable ...
