

## 42U Industrial Server Rack for Hotels in the South Africa

What is a 42U rack?

The customizable rack is configured to be compatible with almost all server manufacturer's equipment. 42U Racks feature a symmetrical frame to allow enclosures to be bayed in space-saving layouts, including side-by-side, one in front of another, in a corner, in U or T arrangements, all without the need for an expensive intermediate frame.

Which servers are compatible with the 42U universal server rack?

Efficient Service. The 42U Universal Server Rack is compatible with a wide variety of servers and rack-mountable networking equipment, including Dell, HP, Austin Hughes, IBM, Kendall Howard, Great Lakes, Martin Enclosures, Chatsworth, and APC products. The rack is completely customizable and can handle even the heaviest loads - up to 3,000lbs!
