IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What makes bison profab a telecommunications professional?

Every Bison ProFab telecom cabinet, regardless of adaptations, is built to meet or exceed NEMA standards. The result: reliable performance in long term service. All this plus a competitive unit cost and rapid turnaround helps make Bison ProFab a telecommunications professional's first call for enclosure solutions. Do You Have A Question?
