

240W, 250W, 260W frameless bifacial modules offer 45% light transmittance, 25% rear gain, and durable double-glass design for long-term stable output.

Featuring an 80% bifaciality factor (10% above PERC), their transparent backsheets capture 14% extra rear-side energy for a total 10% power gain. Built with A+ N-Type cells and 16BB technology, they ...

Built to Last - Equipped with IP68 protection, the Renogy 250 watt solar panels are designed to endure snow, rain, and heat for decades. With low-iron tempered glass and corrosion-resistant aluminum ...

Product overview The CSUN 250W Poly Solar Panel is engineered for efficient energy generation in residential solar home systems. Featuring double-glass and bifacial design, this panel maximizes ...

Download the technical datasheet for the Renogy 250W 16BB N-Type bifacial solar panel. Get detailed specifications, performance data, and installation guidelines in a printable PDF.

Renogy Bifacial Solar Panel 250W N-Type 16BB, 250 Watt Solar Panel 12V Double-Side 25% High-Efficiency, PV Module Power Charger for RV Marine Rooftop Farm Battery and Other Off-Grid ...

Crafted with low-iron tempered glass and corrosion ...

Our bifacial double glass solar panel is equipped with a high-quality IP68-rated junction box and reliable MC4 connectors, ensuring superior protection against water, dust, and environmental factors.

Ideal for off-grid power, this bifacial panel offers 250W output, 21.2% efficiency, and a 25-year warranty. Ideal for RV and marine use, this bifacial solar panel offers up to 30% more energy ...

Crafted with low-iron tempered glass and corrosion-resistant aluminum frames, along with polyamide corner supports, Renogy 250-Watt 12-Volt N-Type Solar Panels are built to withstand all weather ...

Built with precision, this panel includes low-iron tempered glass, POE film, N-Type solar cells, a transparent backsheet, and a robust aluminum frame. These materials ensure unmatched durability ...
