

Enhance your energy storage capabilities with our cutting-edge 50kW/100kWh outdoor cabinet energy storage system. With a rated AC power of 50kW and a rated capacity of 100kWh, this system boasts ...

To better serve our international customers, we have established seven overseas branches and service centers in Germany, Spain, Poland, Finland, Thailand, Brazil, and the UK. Furthermore, our ...

The protection level is IP54, which can perfectly cope with various types of outdoor weather. The door-mounted embedded integrated air conditioner does not occupy cabinet space, increases the ...

With an IP54 protection and C4/C5 anti-corrosion grade, it operates reliably in harsh environments. Ideal for solar microgrids, peak shaving, PV self-consumption, and emergency backup power, its modular ...

Industrial 100kW/215kWh outdoor energy storage cabinet with 768V LFP battery, liquid cooling, and 6000+ cycles. Features 110kW max power, wide voltage range (648-864V), and IP54 protection. ...

It integrates a high-efficiency inverter, modular LiFePO4 battery banks, and a smart energy management system (EMS) -- all housed in a robust IP54-rated outdoor cabinet for long-term durability and safety.

Galvanized IP54 Enclosure Stainless Steel IP54 Enclosure KDM manufactured IP54 enclosure to provide top-quality, easily customized cabinets that will perform well in your application.

The intelligent air cooling system in the HighJoule 100KWh Outdoor Cabinet Series ensures optimal thermal management, maintaining battery efficiency and longevity. It adapts to varying environmental ...

- A standard 2-hour power backup solution is available for each cabinet, and the independent dual DC port design makes it easy to connect multiple cabinets for a 4-, 6-, or 8-hour expansion solution.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.
