

What is Longi lr6-72ph-365m 365w PV module?

Longi LR6-72PH-365M 365W PV Module is a Hi-MO1 high efficiency, low LID monocrystalline 72-cell module, with excellent electrical and solid structural performance. These modules feature clear 45 mm frames with white back sheets, MC4 connectors, and industry-standard -0/5W sorting.

What is a Longi module?

These modules feature clear 45 mm frames with white back sheets, MC4 connectors, and industry-standard -0/5W sorting. Longi modules' excellent performance under the IEC and UL Standard for 1500V system voltage decrease system side cost.

How efficient is Longi's crystalline silicon-perovskite two-terminal tandem solar cell?

Certified by the U.S. National Renewable Energy Laboratory (NREL), the conversion efficiency of LONGi's independently developed crystalline silicon-perovskite two-terminal tandem solar cell has reached 34.85%, once again breaking the world record for the efficiency of crystalline silicon-perovskite tandem cells.

What does Longi do?

The LONGi team is committed to providing innovative products and solutions that help make the world a healthier, safer and more sustainable place. We value our role in the global business community and honor our obligation to pursue the highest standards of environmental, social and corporate governance.

As the photovoltaic (PV) industry continues to evolve, advancements in How many volts does the LONGi solar photovoltaic panel have have become critical to optimizing the utilization of ...

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high ...

Longi photovoltaic panel 365 watts The LONGi LR4-60HPH 365M is a high-quality solar module with a peak output of 365 watts that offers excellent power output, efficiency, and durability. It is designed ...

The LONGi 365 Datasheet is a comprehensive technical document that provides detailed specifications and performance characteristics for LONGi's range of 365 series solar panels. This ...

Longi LR6-72PH-365M 365W PV Module is a Hi-MO1 high efficiency, low LID monocrystalline 72-cell module, with excellent electrical and solid structural performance. These ...

LONGi Solar Technology Co., Ltd. Solar Panel Series LR4-60HBD 345-365M. Detailed profile including pictures, certification details and manufacturer PDF

A leading manufacturer of monocrystalline photovoltaic modules, providing better LCOE solutions (average electricity cost). Cell production, which brings power to the new plane: LONGi, the ...

The LonGi 365W Solar Panel (LR6-72PH, 360-380 Watt) leverages advanced Mono PERC technology to deliver an impressive 19.6% module conversion efficiency. Designed for 1500V DC systems, it ...

What is Longi lr6-72ph-365m 365w PV module? Longi LR6-72PH-365M 365W PV Module is a Hi-MO1 high efficiency, low LID monocrystalline 72-cell module, with excellent electrical and solid structural ...

The LONGI Solar LR4-60 HPB 365 M delivers 365W of power. Maximum current is 10.77A with a voltage of 33.9V. Discover all the panel features.
