

- Superior aesthetics with full black design, ideal for residential and C&I rooftops - Perfect size and weight less than 50 lbs for easier handling and installation - Certified mechanical performance up to ...

The 445W power output and high efficiency (up to around 20.9%) make it ideal for systems with space constraints. Low light performance for energy generation, half-cut cell technology to reduce power ...

The Aiko 445 Wp modules combine state-of-the-art cell technology with high-quality workmanship and are perfect for demanding PV projects in the residential and commercial sectors.

First of all, the panel delivers a maximum power of 445W with an efficiency of 22.5%. Moreover, the high-density interconnection technology ensures optimal performance even at high temperatures.

This JA Solar 445W TOPCon Bifacial Solar Panel is suited for projects that demand reliable solar generation paired with cutting-edge efficiency, whether you are designing a grid-tied solar system, a ...

SEG Solar Inc. Solar Panel Series Zion Series 445-460W BMA-HV. Detailed profile including pictures, certification details and manufacturer PDF.

Introducing the BWGPT445W (108) solar module, a high-performance addition to your renewable energy system. Boasting a maximum power output of 445Wp under standard test conditions (STC), this ...

With an output of 445 watt peak and an efficiency of up to 22.8%, this panel achieves exceptionally high performance from a relatively compact size. The 108 half-cut cells in a 6#215;18 layout provide better ...

Up to 445W, 22.3% module efficiency with high density inter connect technology. Reduce installation cost with higher power bin and efficiency. Boost performance in warm weather with low temperature ...
