

Price quote for 40-foot energy storage containers for Indian ports

Why should you invest in 40 foot shipping containers in India?

The growing demand for containerized shipping in India further enhances the potential for high returns on investment. Unostructures Private Limited stands out as the premier dealer of 40 Foot Shipping Containers in India.

How much does a 20 foot container cost in India?

A 20-foot dry container in India typically costs INR1.6-INR2.0 lakh for new units and INR0.8-INR1.2 lakh for used units, depending on the condition, port, and supplier. Prices may vary slightly at major ports such as Nhava Sheva, Mundra, and Chennai due to local handling charges.

2. What is the price of a 40-foot container in India?

Why should you buy a shipping container in India?
The rising volume of trade at India's main ports has led to a precipitous decline in container prices throughout the year. The market now has an excess of containers, which has caused prices to drop. As a result, now is an excellent opportunity to purchase or lease a shipping container in the country.
