

Sharjah: His Highness Sheikh Sultan bin Ahmed bin Sultan Al Qasimi, Deputy Ruler of Sharjah and Chairman of the Sharjah National Oil Corporation (SNOC), inaugurated "SANA", the ...

The solar plant, developed with the support of the Sharjah National Oil Corporation (SNOC), spans an impressive 850,000 square metres near the Sajaa Gas Plant. It has the capacity ...

Sharjah opened today "SANA," the first solar power plant in the emirate. This new facility covers a large area of 850,000 square meters and is located next to the Sajaa Gas Plant.

Sheikh Sultan bin Ahmed Al Qasimi, Deputy Ruler of Sharjah, opened the emirate's largest solar power plant on Wednesday. The plant, called Sana - which means bright light - has a...

His Highness officially launched the solar power plant by pressing the inauguration button, marking the beginning of its operations. After that, His Highness took a tour of the site to ...

Sharjah unveiled its first solar power plant, "Sana", on Wednesday morning. The facility, sprawling across 850,000 square meters adjacent to the Sajaa Gas Plant, boasts a formidable...

Sharjah opens its largest solar plant, Sana, producing 60MW of clean energy--enough to power 13,780 homes and cut 66,000 tonnes of CO2 annually.

This facility was designed to power operations using clean energy, marking the first step toward what would eventually become the larger SANA solar power plant in the Sajaa area.

With the successful commissioning of the SANA solar plant, Sharjah has taken a decisive step toward a cleaner, more sustainable energy future. The project not only delivers environmental ...
