

Power water pumps directly from solar energy. Ideal for agriculture, irrigation, and remote water supply systems without grid dependency. Reliable, long-lasting energy storage. Perfect for solar systems, backup power, ...

With built-in high-efficiency MPPT controller, it tracks the maximum power point in real time to improve energy utilization. It is ideal for irrigation and water supply in remote and arid areas.

About us SANKE is a manufacturer based in China with 30 years of experience in power electronics and energy system manufacturing.

Headquartered in Wenzhou since September 1993, Sanke Electric has become a prominent name in the power supply industry, with trademarks "sanke" and "sako." The company has grown significantly, establishing ...

Our Service Providing integrated solutions for solar inverters, lithium batteries, and charging stations to enhance efficiency.

Sanke solar factory 12V 100AH 150AH 200AH solar deep cycle lead acid gel battery energy storage for off-grid power station

Product Overview Our solar pump inverters are designed to convert solar power efficiently to run water pumps, making them ideal for agricultural, irrigation, and water supply systems. Our inverters provide excellent ...

SAKO's main products are off-grid inverters, lithium batteries, photovoltaic modules, and home energy storage systems. SAKO will provide you with a full range of solar products and professionally customized solutions.

2024 Updated lithium ion batteries station solar power lifepo4 3.2V 304ah 280 EV CATL CALB cell 24V 36V 48V from Sanke Andy

? Factory-Direct Solar Power Systems Looking for a reliable supplier of off-grid solar inverters and lithium batteries? We are the original manufacturer - based in China, with 30 years of industry ...
