

Backed by advanced technologies, LONGi solar panels feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. LONGi's field-proven bifacial ...

Backed by advanced technologies, our modules feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. Our field-proven bifacial modules deliver ...

Founded in 2000 by CEO Li Zhenguo, Longi has steadily grown over two decades to become the world's leading supplier of solar PV products and solutions, with one of every four solar ...

PVTIME - On 20 March, LONGi's high-efficiency monocrystalline solar cell project in Shaanxi Province, China, reached full production with an annual production capacity of 29GW.

Major Chinese solar power company LONGi Green Energy Technology Co Ltd aims to double its sales of photovoltaic modules and largely expand those of silicon wafers this year to tap ...

On September 28, the high-efficiency single crystal battery project of Jinghe New Town, Longji Lveng Xixian New Area, was officially put into production, which is also the largest single ...

Longzi County Solar PV Park is a ground-mounted solar project. The project generates 3,444.81MWh of electricity. The project got commissioned in 2017. For more details on Longzi County Solar PV Park, ...

Founded in 2000 by CEO Li Zhenguo, Longi has steadily grown ...

From enhancing mass production efficiency through the adoption of single-crystal technology over polycrystalline counterparts to breakthroughs in PERC cells for dual-sided power generation and ...

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high-quality, reliable ...

LONGi Green Energy Technology Co., Ltd. is a global leader in the photovoltaics industry and the world's largest manufacturer of monocrystalline silicon wafers. Founded in 2000 and ...
