

Are solar generators good for home use in the Philippines?

For years, solar generators for home use in the Philippines lacked the ability to scale up easily or handle heavy appliances. Having tested several options, I can tell you that the EcoFlow DELTA Pro 3 truly stands out. Its 4096Wh battery, supporting 120V/240V, can power everything from a central AC to water pumps smoothly.

Can a Filipino home use solar energy?

The Philippines, known for its sunshine, has a huge opportunity to use solar energy for homes. With the rising electricity costs and the urgent need to care for the environment, many Filipino homeowners can benefit from switching to solar power.
