

Spanish solar PV generator manufacturer Nomad Solar Energy, a subsidiary of solar power plant project developer Lone Lighthouse, has launched a line of containerized mobile solar PV...

I'm interested in learning more about your Three-phase South American mobile energy storage container for tunnels. Please send me more information and pricing details.

Dyness has launched its flagship Tower series, a stackable, adaptive module design offering five energy options ranging from 7.10kWh to 21.31kWh, which is well suited to three-phase ...

This pumped-storage project, approved in 2024, has a hybrid battery of 15 MW and 7.5 MWh, enabling the surplus energy from the dam to be stored. The installation optimises the energy flow of the River ...

In 2024, Elecnor deployed Europe's first liquid-cooled BESS in Andalusia - a 50MW/200MWh marvel storing enough energy for 15,000 homes nightly. Their three-phase approach:

Currently, Spain is an avant-garde in energy futures. Since tariffs have been heightened by 22% in the year 2023 and EU green regulation is surging by 42% in the year 2030, the companies ...

The innovation energy storage project auction is seeing positive outcomes for Spain with a series of projects announced, and a domestic battery manufacturer rapidly expanding its output.

It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and thermal energy storage. The program supports hybrid projects, which ...

Another significant project is the installation of a flywheel energy storage system by Red Eléctrica de España (the transmission system operator (TSO) of Spain) in the M&#225;cher 66 kV substation, located ...

The unit, integrated into a shipping container, features a retractable solar array that unfolds onto the ground, adapting to various terrains. It can be set up within three hours and ...
